

MASTER OF PUBLIC HEALTH STUDENT PRACTICUM PROJECT PROPOSAL AND STUDENT REQUIREMENTS

PRECEPTOR NAME		PHONE & EXT.	
SERVICE AREA	Health Promotion	PROGRAM/TEAM	Chronic Disease Injury Prevention/ Injury Prevention Team
PRECEPTOR'S MASTER DEGREE FIELD:			

PROJECT TITLE: Violence Prevention – Bystander Intervention

PROJECT OUTLINE:

Provide an outline of the project to be undertaken by the student - include project objectives, target group/population, activities/outputs (e.g. literature review, needs assessment, development of questionnaire, evaluation, etc.) and expected deliverables.

Explore how to implement bystander intervention across different populations including bar and restaurant patrons and staff and students in post secondary institutions. Outputs would include a needs assessment, environmental scan and an evaluation framework.

1. Will the student have the opportunity to interact with their target population?

Yes No Explain:

2. List the specific requirements for students.
