

Fruit Caterpillar

Makes: as desired

Ingredients

Imperial Measurement	Ingredient	Metric Measurement
	grapes OR cherries, cherry tomatoes, cut in half OR banana slices etc.	
	strawberries OR kiwi, etc. cut in half	
	dried apricots, cut in quarters OR raisins	
	chives, cut to 2 inches (5 cm) pieces	

Instructions

1. Cut grapes in half and place cut side down on a plate forming a line (see picture).
2. Place chives under each grape to make feet of “caterpillar”.
3. Make caterpillar head: Cut strawberries in half and place cut side down at the end of the grape chain to make a head.
4. Insert dried apricots (or raisins) in the strawberry to make eyes.
5. Place more fruit around the plate. You can serve just one caterpillar for each child table (see picture bellow).
