IS YOUR CHILD A HIGH RISK CONTACT?

NO
- Stay COVID Wise! Use our child screening tool daily!

YES
- Has it been 7 days since contact with the confirmed COVID case?
  - NO
    - Wait 7 days and then get tested! Self isolate and monitor.
  - YES
    - Get tested! What was the result?
      - NO
        - Isolate while waiting for results!
      - YES
        - Positive
          - Your child must stay home and monitor for symptoms for 14 days. Even if your child does not have symptoms of COVID-19, all other members of your household must stay home during your child's period of self-isolation, unless they need to go out for essential reasons, such as going to work, school or daycare, grocery shopping, medical appointments or to pick up medicine from the pharmacy.
        - Negative
          - Isolate while waiting for results!
