

## Important information about the COVID-19 Pop-Up Testing Site at the AMA Community Centre

03/18/2021

The COVID-19 Pop-Up Testing Site at the AMA Community Centre is a temporary out-of-hospital clinic where people will be assessed by a health-care provider and tested for COVID-19 if required. This testing site is a collaboration between The Ottawa Hospital, CHEO, Ottawa Public Health and the Eastern Ottawa Resource Centre (EORC).

**Important:** You do NOT need to contact Ottawa Public Health before going to an assessment centre or before attending the AMA Community Centre Pop-Up Testing Site.

### **Please read the following before getting tested at the COVID-19 Pop-Up Testing Site at the AMA Community Centre**

#### **Important information about walk-in and scheduled appointments:**

To increase access to testing within the Sawmill Creek community, this pop-up accommodates walk-in appointments for local residents. Same-day walk-ins from the Sawmill Creek community will be screened and provided with a 'just-in-time' COVID-19 test.

Although it is not necessary to schedule an appointment beforehand, there is an option to reserve a time slot by calling 613-737-8193. If you need to cancel your appointment, you may do so by calling 613-737-8193.

Testing is available for anyone older than 2 months of age.

You don't need to have an OHIP card to be tested, but if you have one, please bring it.

This pop-up testing site aims to serve local residents who face barriers accessing other testing locations. This response extends well beyond testing-only to include access to other social supports including food, housing and health education.

#### **Important information about attending the AMA Community Centre:**

All residents must wear a mask.

Please follow all signage while on-site. The safety of you and the health care providers is our highest priority.

**Location and hours:**

AMA Community Centre

1216 Hunt Club Road, Ottawa

Open 12:00 p.m. to 4:00 p.m. on Tuesdays and Thursdays
