

Community Immunity: It starts with **YOU**

We still need your help. Here's what you can do:

- Continue following public health guidelines:

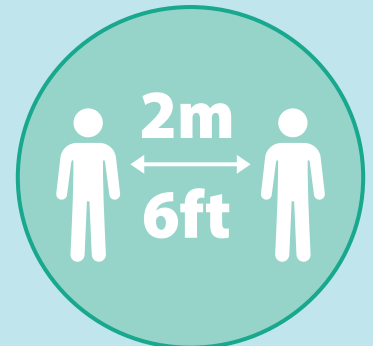

Wear
a mask

Stay home when
you are sick

Wash
your hands

Practise
physical distancing

- Remember that a second dose is required for full immunity and that it takes a few weeks for your immunity to begin
- Encourage your friends and family to get their vaccine when they are eligible

Thank you for doing your part to keep our community safe!
